Fundraising

General:

The past six months we have had some fantastic funding. £9,998 from the Lottery Fund, £450 from Cooperative Fund and now we have just received £1,000 from the East Midlands Airport Community Fund. With this money and along with our other fund raising events the club now has an extra long tumble track, 6 mats and 5 new crash mats. This is far greater than we could predict for the club in such a short period of time.

Some of the Lottery fund is for extra mentoring each month and we still have extra events planned to raise money for new leotards and to keep the club more financially buoyant.

Bag Packing Sat July 12th:

Many thanks to all the gymnasts and parents who were able to take part in the bag packing at ASDA, together we raised a fantastic **£560**

Competitions

Club competition:

Gymnast and parents had a great day in June at the club competition. This allowed parents to see how well their child/children are progressing and how other gymnasts of different ages work within the club.

Long Eaton & Loughborough Friendly

There is a friendly competition being organized for Sunday 12th of October at Rushcliffe, we will keep you posted as we get further details
